# UNIQUE FEATURES IN XPRESS JOBS

## Walk-In Interview Section

Provide information on upcoming walk-in interviews, allowing job seekers to attend without prior application

## CV Formats

Offers downloadable CV templates and formats to help job seekers create professional resumes

## CV-Less Job Section

Lists jobs that do not require a CV for application, making the process faster and easier for certain roles.

## Industry-Specific Job Listings

Categorizes job listings by industry, making it easier for job seekers to find relevant opportunities.

# 2. ROOSTER JOBS

The screenshot shows the Rooster Jobs website interface. At the top, there's a navigation bar with the Rooster logo, a 'Post a job' button, a 'Sign in' link, and a 'Register now' button. Below the navigation is a search bar with placeholder text 'Job title or keywords' and a location dropdown set to 'Anywhere'. There are also filters for 'Job Type', 'Modality', 'Country', and 'Salary'. A large orange 'Search' button is positioned to the right of the search bar. Below the search bar, it says '842 total jobs'. The first job listing is for a 'Software Engineer - Java' at Telexar Technologies. It includes a profile picture, the job title, company name, industry, experience level, and location ('Full-Time', 'Remote', 'Colombo, Sri Lanka'). The posting date is 'Posted on 03/06/24'. To the right of the job listing is a blue circular icon with a white 'C' and three dots. Below the job listing are two more job cards for 'Marketing intern' and 'Lead / Senior Data Engineer', both from Tech Hire Ventures. Each card follows a similar structure: profile picture, job title, company, industry, experience level, location, posting date, and a 'Share' and 'Apply' button. The background features a subtle wavy line graphic.

 <https://rooster.jobs/>

# UNIQUE FEATURES IN ROOSTER JOBS

## Advanced Search Filters

Search jobs by job type, modality(full time, part-time, contract), country and salary range

## Direct Apply

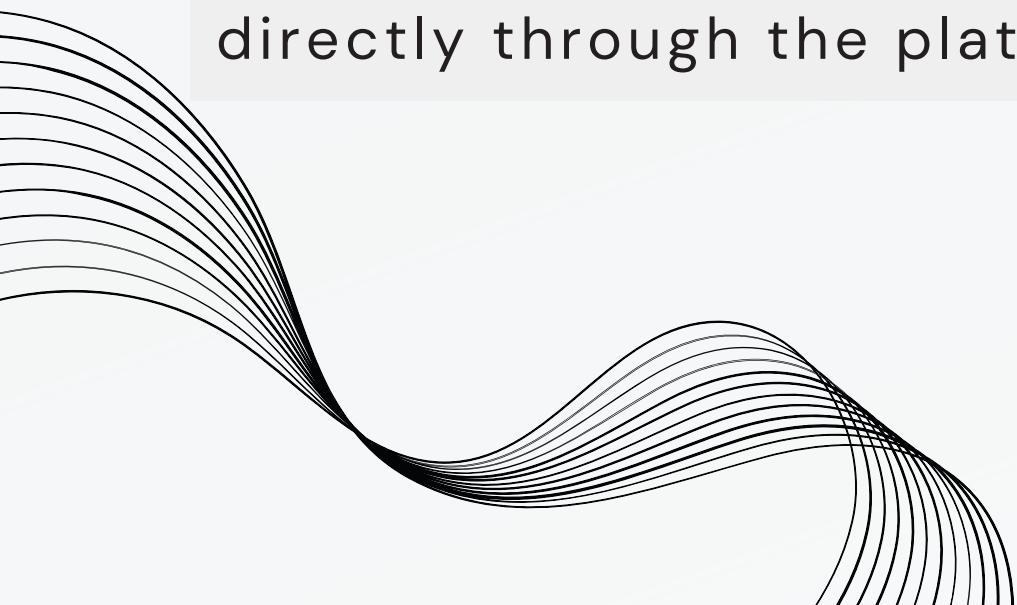

Candidates can apply directly to jobs through the platform without navigating to external websites.

## Employer branding

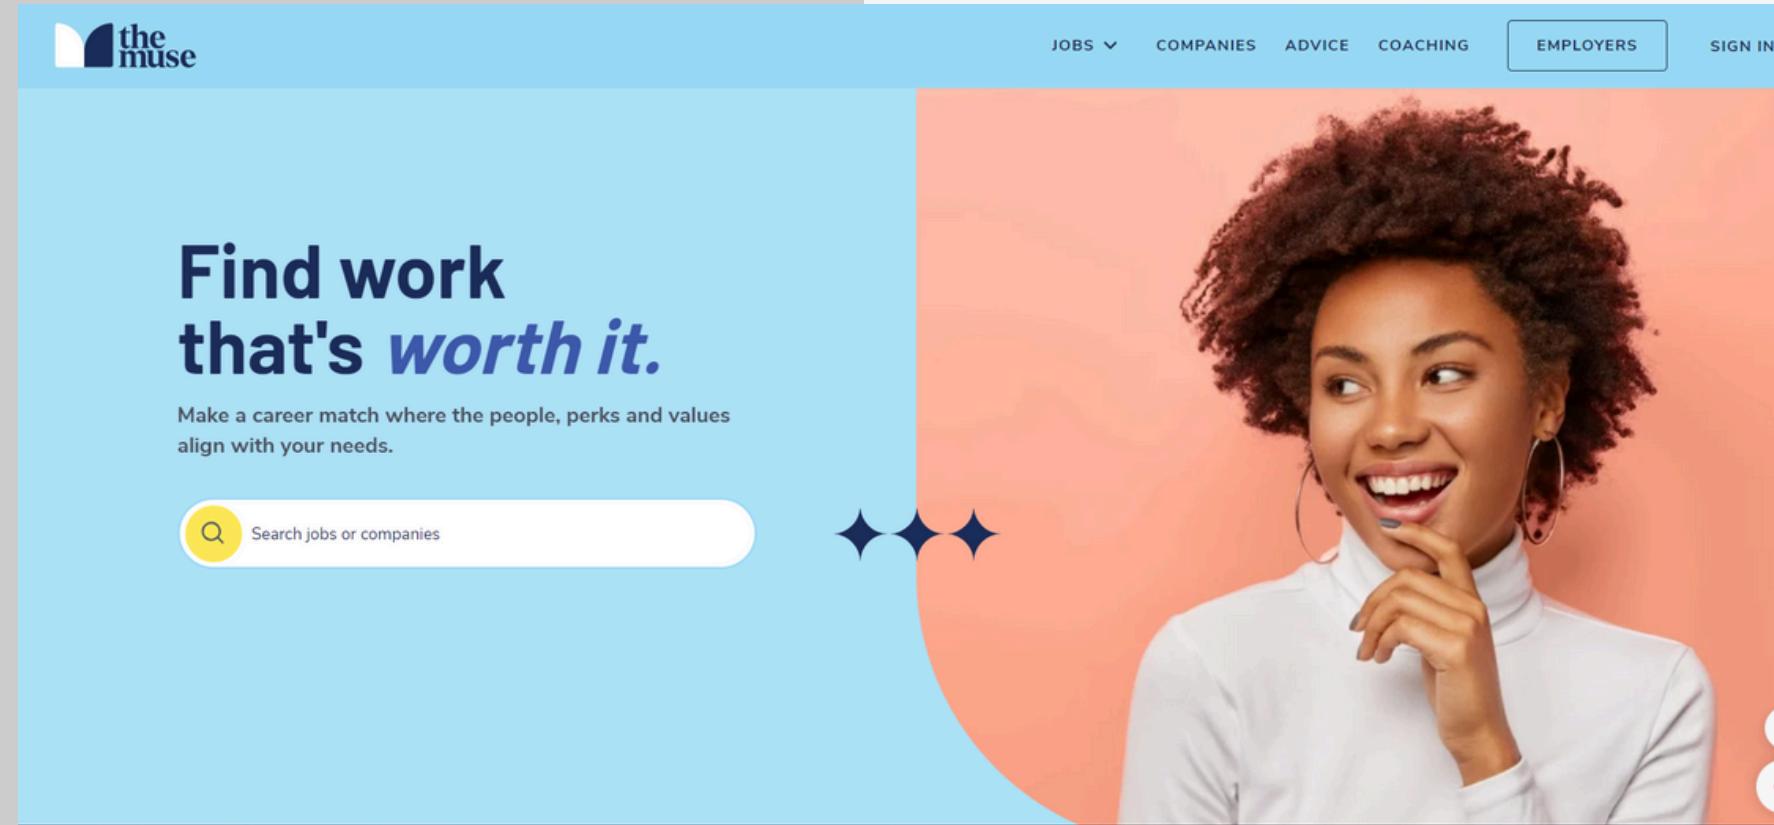

Showcase company culture, values and benefits to attract top talent.

## Candidate management tools

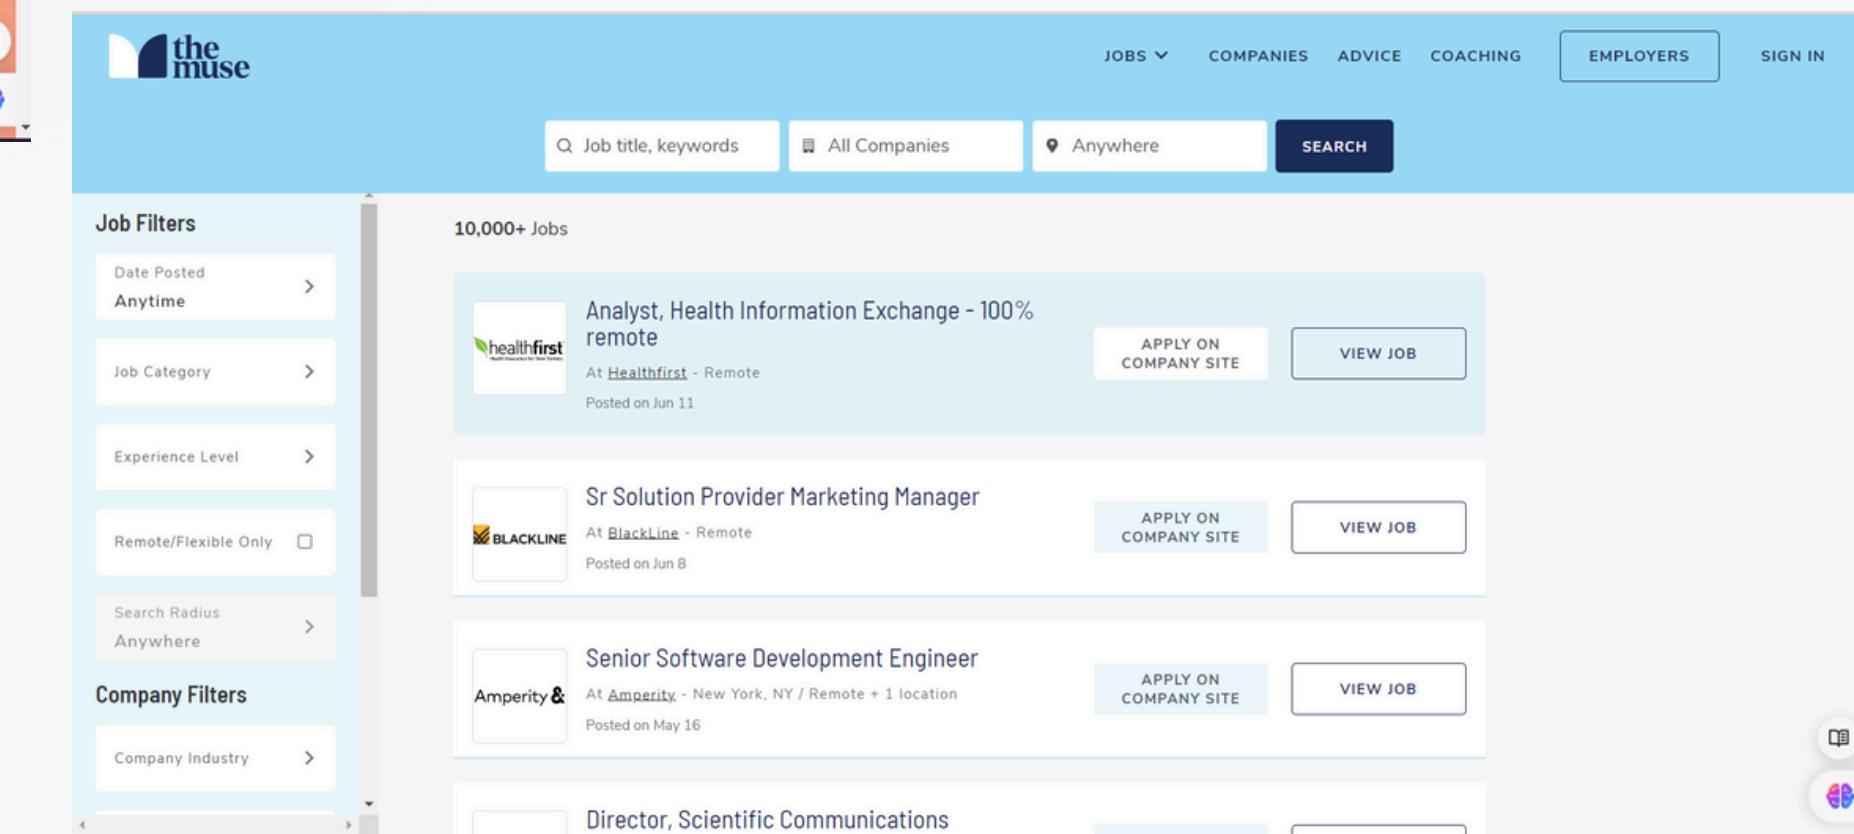

Manage applications and communicate with candidates directly through the platform.

# 3. THE MUSE

The Muse homepage features a large, vibrant orange background image of a young woman with curly hair, smiling and resting her chin on her hand. To the left of the image, there's a light blue sidebar with the text "Find work that's *worth it.*" and a search bar. The top navigation bar includes links for JOBS, COMPANIES, ADVICE, COACHING, EMPLOYERS (which is highlighted in a blue box), and SIGN IN.

The Muse job search results page shows a grid of job listings. At the top, there are filters for "Job Filters" (Date Posted, Job Category, Experience Level, Remote/Flexible Only, Search Radius) and "Company Filters" (Company Industry). The main area displays 10,000+ Jobs, with three visible entries:

- Analyst, Health Information Exchange - 100% remote**  
At [Healthfirst](#) - Remote  
Posted on Jun 11
- Sr Solution Provider Marketing Manager**  
At [BlackLine](#) - Remote  
Posted on Jun 8
- Senior Software Development Engineer**  
At [Amperity](#) - New York, NY / Remote + 1 location  
Posted on May 16

Each job listing includes "APPLY ON COMPANY SITE" and "VIEW JOB" buttons.

 <https://www.themuse.com/>

# UNIQUE FEATURES IN THE MUSE

## **Company profiles with insights**

Provides detailed company profiles that give job seekers an inside look into company culture and values.

## **Career advice and coaching**

Offers a rich repository of career advice articles, expert coaching services and webinars.

## **Personalized job search**

Offers personalized job recommendations based on user preferences and search history.

## **Skill-building resources**

The website provides resources for skill development and learning, such as courses and certifications to help candidates improve their qualifications.

# 4. WELLFOUND

The screenshot shows the Wellfound homepage. At the top, there's a navigation bar with links for "Discover", "For job seekers", "For companies", "Log In", and "Sign Up". A banner at the top says "10 OF 10 IN 2023 Discover our ten top startups across ten trending industries Learn more". Below the banner, a large central area features a grid of various industry and location labels like "Cyber Security", "React Developers", "iOS Dev", "Web3", "Boston", "E-commerce", "Seattle", "Databases", "Robotics", "Hardware", "Digital Health", "San Francisco", "Front End Developers", "Aerospace", "Denver", "Los Angeles", "SaaS", "Android Developers", and "AI". A prominent button labeled "Find what's next" is highlighted with a red dashed border. To the right, there's a section titled "Trending startups hiring now" featuring four startups: Datavant, Red Collar, QA Wolf, and Zenfeat, each with a brief description and hiring status. Below that is a section titled "Trending startup jobs" with three job listings: "Senior Product Manager - US Expansion" at hyperexponential, "Account Executive - Texas" at Proof, and "Web3 Sales Account Executive (BD)- SF" at Metaschool, each with "Save" and "Apply" buttons. On the far right, there's a sign-up form with fields for "Your Email", "Sign up", and "Sign up with Google".
